

Learning Quest 1: Me and my world

As this was the children's first term at school we have spent lots of time getting to know each other and finding out about the children's families and interests. We have been working on building friendships and making sure we feel safe and happy at school. We made 'Snack and Chat' groups which gives us time to develop our Communication and Language skills during snack time and spend quality time talking together.

The children enjoyed drawing their family tree and talking about special people to them. They practiced their writing skills trying to write the names of people in their family.

In Physical Development the children have been exploring the outside space, using the bikes and scooters, making assault courses and have started weekly PE sessions.

In maths

The children thoroughly enjoyed starting Forest School sessions- learning how to use the environment, making a house for Stick Man, bird watching, splashing in the mud and finishing with a marshmallow campfire!

Thank you so much to everyone who has been accessing the home learning on Tapestry and uploading observations. It is so lovely to see all the learning that is happening at home. Also thank you to the parents that have been attending the online parent workshops, we hope they have been useful for you!

Year R THE TROSNANT TIMES AUTUMN CELEBRATION EDITION

Starting school is such a big step and we are so proud of all the children and the resilience they have shown. All the children now confidently say goodbye to their parents/carers and come into school with a smile, independently putting their belongings away.

During literacy sessions we have been practicing labelling pictures, writing letters and practicing early reading skills. We have started daily phonic sessions twice a day to help the children learn their letter sounds through our Read, Write, Inc phonic scheme.

In Maths we have been working on recognising numbers 1-5 and talking about one more, one less and comparing quantities. We have been measuring time by talking about our school day and routines at home. We have also been looking at weight through cooking and weighing and measuring out ingredients.

Learning Quest 2: Me and my world

During this half term we have been focusing on People who help us, thinking about people at school who help us and then the wider environment. We have been role playing People who help us outside being fire fighters and the police..

We have been busy in our role play post office, weighing packages,, writing and posting letters and managing money,

In PSHE we have been thinking about how to stay safe online, thinking about who keeps us safe at home and who keeps us safe in our community. We talked about Children in Need and made Pudsey biscuits.

In RE we have been learning about celebrating a new baby and sequencing the Nativity Story.

Christmas Production- 'Nursery Rhyme Nativity'

As you are all aware our production is going to be available to view online this year due to Covid- 19 restrictions. The children have been working so hard practicing songs and rehearsing, they are so excited for you to see the performance!
We hope you enjoy it!
